Without a perfectly designed retreat and retreat page you're going to be spending money trying to promote something that's NEVER going to sell!

# The 5 Steps to Creating Your 5 Figure Retreat!

Create a RETREAT –  
**NOT** a “workshop in a  
pretty place.”

It’s the formula - *or the  
way you design it* - that  
makes **ALL** the  
difference.

# The 5 Steps to Creating Your 5 Figure Retreat!

When you **align your location** with what you're teaching –  
THAT'S what makes your event **experiential** and  
life-changing  
VERSUS **talking at them** from the front of the  
room where they're learning intellectually.

# The 5 Steps to Creating Your 5 Figure Retreat!

Keep in mind that the meaning of the word **RETREAT** is to pull back and go within.

# The 5 Steps to Creating Your 5 Figure Retreat!

Can everyone see why alignment is especially critical in designing your retreats so they can be profoundly transformational ?

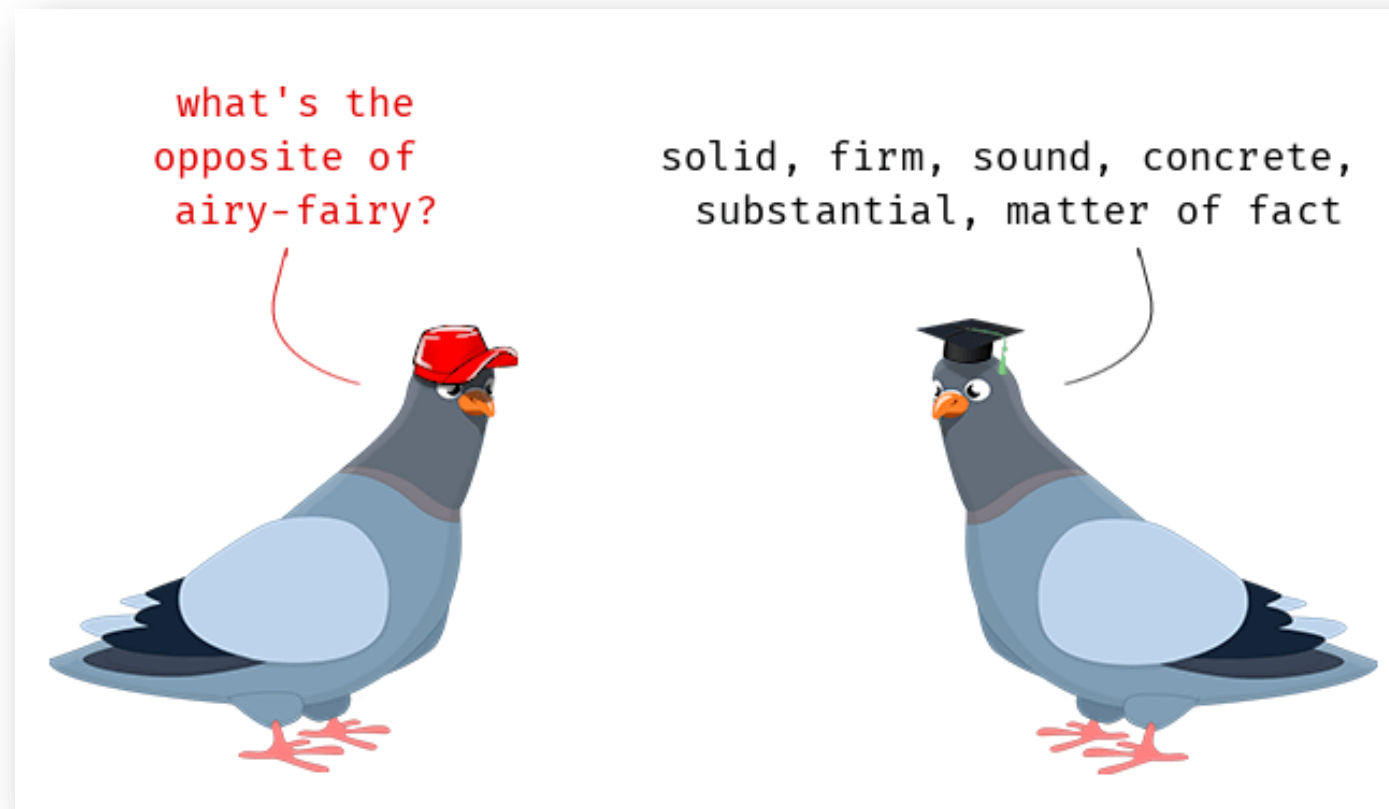

# The 5 Steps to Creating Your 5 Figure Retreat!

Retreats in general, sell at a higher price point than workshops or live events - so if you want your retreat to sell out as soon as you announce it - you better WOW folks from the get-go!

Your retreat has to solve a **real problem** that they're struggling with and it has to have **concrete benefits** that **justify the cost of the retreat**, and NOT airy-fairy ones.

Your **PROMISE** is the outcome or tangible **BENEFITS** your clients will walk away with that perfectly address the **ISSUES** that concern them the most and that **YOU** can help them with.

# Wild at Heart

A Retreat to Awaken the Powerful Woman in Uncertain Times  
September 15-21, 2019 ♡ Budapest, Hungary

8 WOMEN - 7 DAYS - 6 NIGHTS

If you're a woman who's ready to wake up her fearless heart, travel to enchanted central Europe, AND live a wildly abundant life, then Susie Hindle Kher invites you to join her for the Wild at Heart retreat adventure in Budapest, Hungary.

SEPTEMBER 15-21, 2019

[www.radianriverwellness.com/budapest](http://www.radianriverwellness.com/budapest)

# Enchanted Budapest

The sun is setting after an afternoon of soaking away your worries in a beautiful thermal healing bath. You're strolling along the Danube River watching the boats as sounds of gypsy bands waft across the water. With a sigh of contentment you take in the old-world charm and think: this is why they call Budapest the Pearl of the Danube.

You relax into the knowing that you'll be falling asleep and waking up in a lovingly restored 19th century villa nestled in the Buda Hills. As your thoughts turn to tomorrow, you feel a spark of excitement, knowing that your day will be filled with experiences that will recharge, inspire and empower your wild heart.

Raves about the Brodyland Writer's Villa

*"A fairytale villa in Hungary"* - Elle Decor Magazine

*"10 of the best boutique villas in the world"* - Harper's

Bazaar

Budapest is the perfect place to spend 7 adventurous days (and 6 nights)...

...empowering your heart and finding your sacred roar while releasing resistance so you can show up in your life in a powerful way.

...pressing pause on your life and immersing yourself in adventures, inspirational conversations and personal transformation.

By the time you pack up and head home, you will have ignited your wild heart in body and soul.

My promise to you is to help you unlock a new level of wisdom for creating empowerment, joy and abundance in your life (while having lots of fun and making new friends!).

Powerless and out of control in a tumultuous world?

*No problem!* With a few empowering techniques, you'll rev up your fearless heart, unhitch from negativity and transform uncertainty into epic freedom.

Longing to transform challenges into fantastic opportunities?

*You got this!* Together, we'll clear your path and tame your fears so you can return to your center of power and live a wildly successful life.

Unsure how to release the hurts that have nibbled away at your heart?

*This retreat is your passport to a life-changing journey of awakening from the trance of fear and hurt to freedom.*

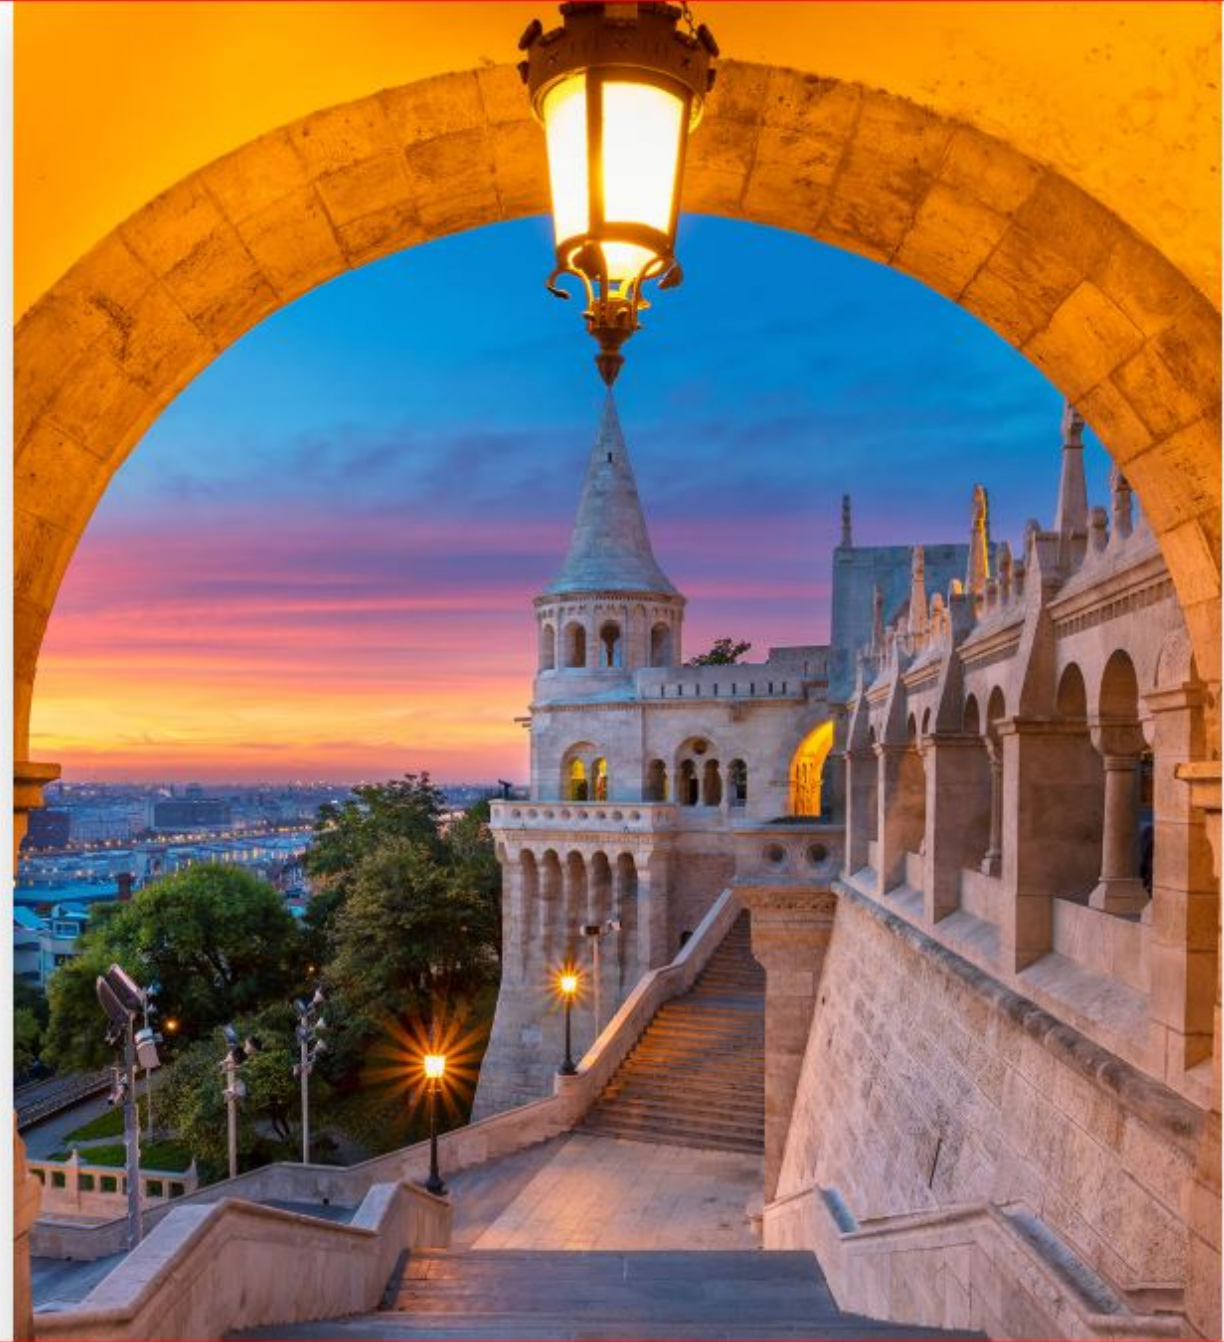

# Why you need to join us!

The Brodyland Writer's Villa is the **PERFECT sanctuary** to get away from your everyday life in a setting where you can be your true self as you unplug, explore and allow your body, mind and spirit to be recharged and uplifted in the company of positive women.

**I've got your back!** During this retreat you'll be supported to journey to places of oneness, love and strength inside yourself that you'd never see amidst the distractions of work and home.

**The Wild at Heart Retreat** will give you **EXACTLY** what you need to show up and stop playing small! Through daily practices like yoga nidra and soulful movement, you'll refresh your spiritual energy. You'll return home with a new sense of energy and inner strength that will serve you in a big way.

**Plus we'll explore the enchanted city of Budapest,** enjoy hearty food, connect to a powerful Earth heart chakra, spend time with a Hungarian Shaman, and immerse ourselves in the mineral-rich healing waters of the city's many thermal baths!

## The Venue...

**Hungary** - full of old-world charm and bordered by Ukraine, Serbia, Croatia, Austria, Slovakia and Romania - is a cultural bridge between east and west.

We'll spend six relaxing nights in the quiet hills of **Budapest** enjoying the local culture, food, shopping, and sights. Our villa, the Brodyland **Writer's Villa**, is packed with historical details, like stained-glass windows, **Transylvanian marble** and parquet floors.

Harper's Bazaar, Architectural Digest and Elle Decor have featured this gem of a villa in their magazines.

---

**The vibe is undeniably Bohemian.**

## Hearty, Deeply Flavored Cuisine

Warmly spiced Hungarian food is like a **big hug that will heal your heart** and bring you back to center. Dishes are slow-cooked with a heaping dose of love and rich flavors.

From **goulash** cooked over an open fire upon your arrival to paprika-spiced cauliflower soup, Hungarian-style stuffed cabbage and plum cake, the **food here tells the story** of Hungary's fascinating relationship with its neighbors and occupation by the Huns, Turks, Austrians and Soviets (to name a few).

We'll explore Hungary's diverse foods from **dinner aboard a Danube River cruise**, to eating while serenaded by a **gypsy band and dancers**, and dinner in the city's famous Jewish District, where **Jewish-Hungarian fusion dishes** tell the story of Budapest's rich Jewish history.

---

## Fairytale Night Cruise on the Danube

Budapest is gorgeous by day, but you'll feel like you've stepped into a fairy tale as we cruise down the Danube at night. We'll unwind and relax over dinner while watching the UNESCO World Heritage-listed waterfront light up.

## Shopping for Folk Art of the Beaten Path

I'll be sharing the best places to find authentic Hungarian folk art - those places the tourists don't know about. You'll explore shops and find beautiful gifts that will create memories of your time in Budapest.

## Indulge in a Turkish Hammam Ritual

A traditional Turkish Hammam bodywashing ritual will complement all the releasing and letting go work you're doing. It's so transformative you'll forget you were even holding onto stuff in the first place.

## Trek to the Heart Chakra of Hungary with a Táltos Wisdom Keeper

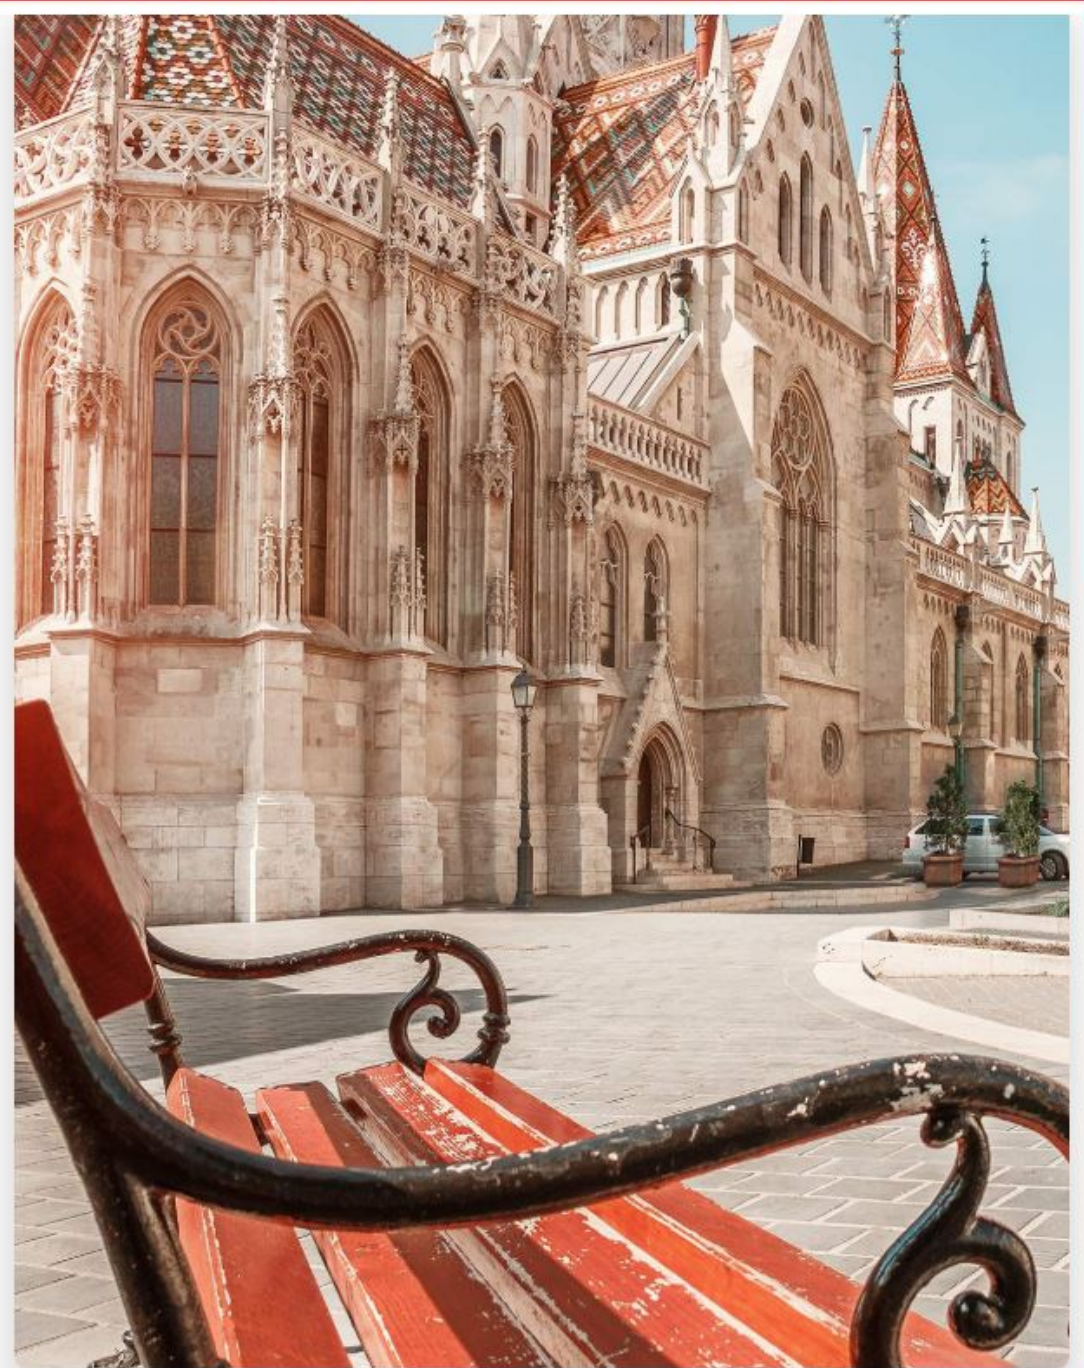

If all this hasn't been tempting enough – I've planned a transformational trip to the heart chakra of Hungary in Dobogókő led by an amazing Hungarian Táltos (shaman) wisdom keeper, Zoltán Sólyomfi-Nagy.

We'll hike up to a glade where Hungary's original kings were crowned in a sacred nature ceremony. The Earth's crust is *extremely thin* here, and we'll literally feel the heartbeat of **Mother Earth**, allowing her nourishing energy to release stuck energetic patterns and reveal your true self.

The frequencies that rise from deep within the Earth in this unassuming place connect to powerful energy lines that crisscross the planet and energize other heart chakras around the world.

You'll also learn from other women being coached on the call.

## **Wild Heart Sisterhood Membership Community (1 year)**

Together we'll create a sacred space to support you in mind, body and soul.

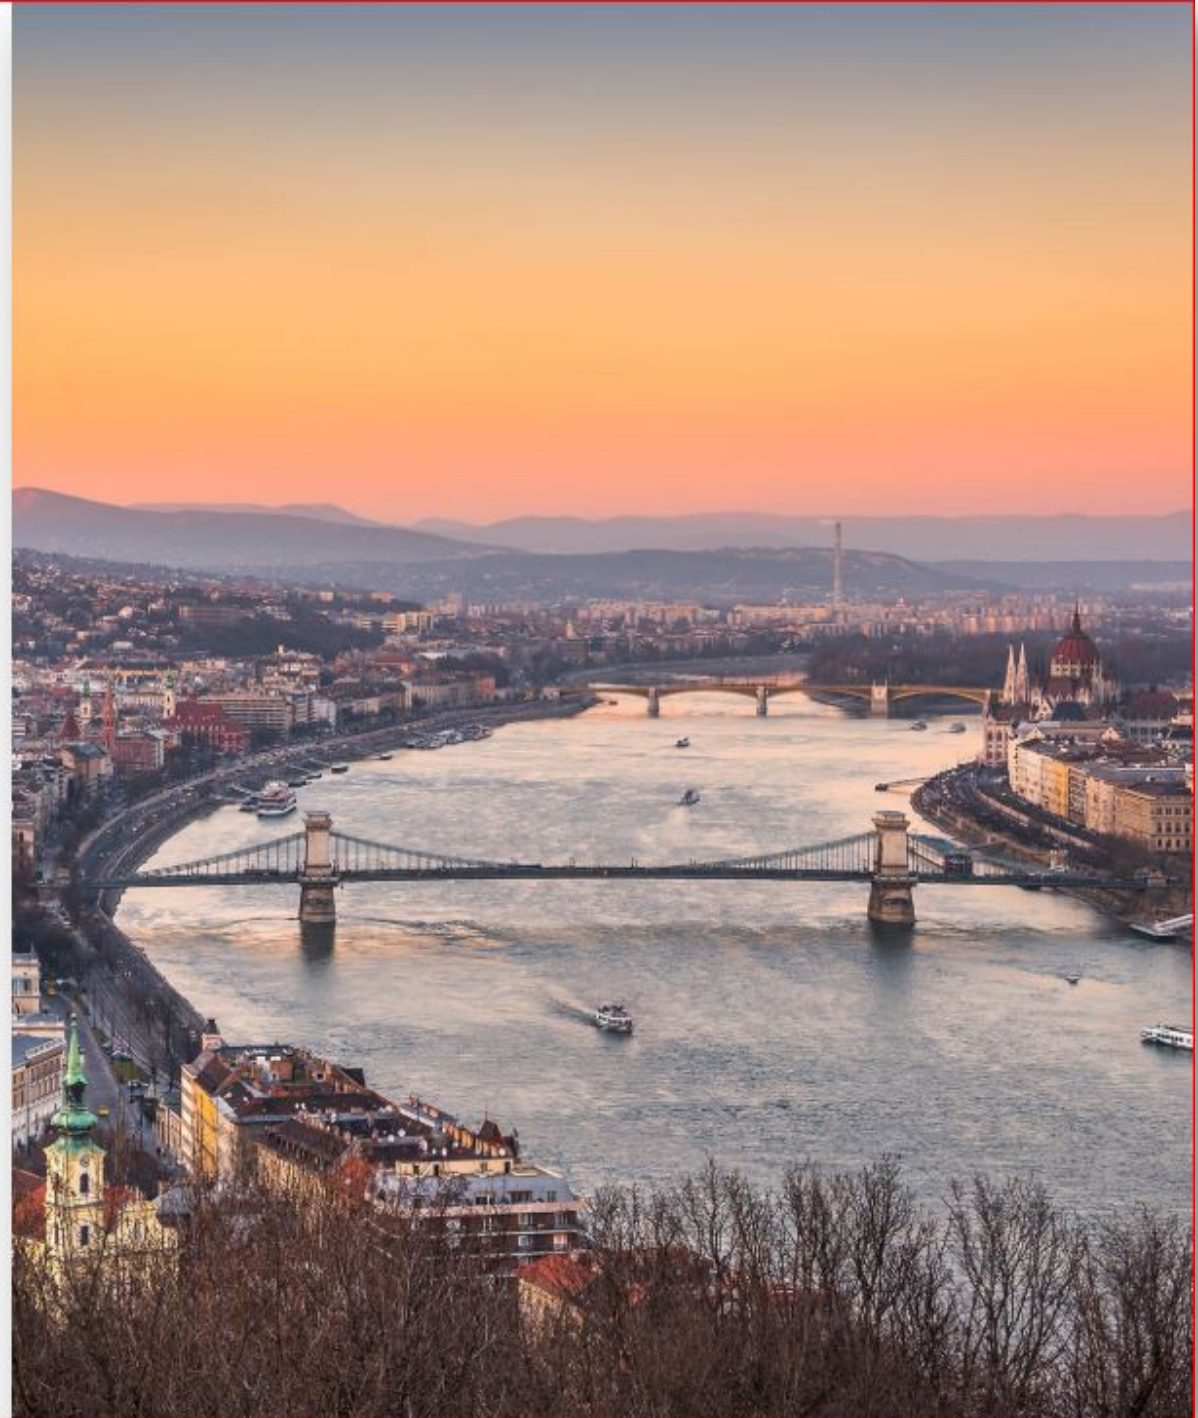

# About Budapest, Hungary

There's so much more to Hungary and Budapest than the grand architecture, beautiful folk art and thermal spas.

Landlocked in Central Europe, Hungary marches to the beat of its own drummer and it's one of the things I love most about this country and its complex history. The Danube River runs through the country and divides its capital, Budapest, which is actually two cities: Buda and Pest. If you can get a local to talking, you'll hear incredible tales of how the frozen Danube allowed the Turks to invade Pest from the Buda side.

Hungarians are proud of their eastern ancestry and unique language, which is a bit of a mystery to linguists. It's one of the hardest languages to learn and has no common European roots. This unique language is considered a national symbol. English and German are spoken widely throughout Budapest.

Despite countless occupations and decades of communist rule, Hungarians have never been truly defeated. From 'goulash communism' to 'goulash capitalism,' Hungarians are sure to do things their way and with a huge amount of national pride.

# The 5 Steps to Creating Your 5 Figure Retreat!

**Susie has identified her audience's concerns:** the location, food, and activities are amazing, the pictures are evocative, the benefits of attending this retreat are clear, and everything that's legally necessary is present.

**And her trip page is *definitely NOT* boiled chicken. 😊**

# The 5 Steps to Creating Your 5 Figure Retreat!

## How to Price Your Retreat to Meet or **EXCEED** Your Projected Income

The most important aspect of creating a profitable retreat is **giving yourself PERMISSION** to make a good profit.

# The 5 Steps to Creating Your 5 Figure Retreat!

## What Should You Include in Your Pricing?

- Your personal flights
- Your room
- Your food at the event and in transit
- Your hotel room if you're arriving the day before
- Group and personal transportation
- Your supplies
- Cell phone costs
- Marketing your event, flyer costs
- Tips, gifts, guides, entry fees
- Insurance, visa costs (if any)
- Taxes
- Your assistant: their pay, room, food and travel expenses if any
- Photographer or videographer if you have one
- Credit card fees (for example, on a \$2000 retreat, that would be at least \$60 per person at 3%)

# The 5 Steps to Creating Your 5 Figure Retreat!

Once you total all your expenses the very last step is adding in the amount of money **YOU** want to make per person or **YOUR NET PROFIT**.

It's how much money you walk away with in your pocket once you've paid **ALL** your trip expenses.

# The 5 Steps to Creating Your 5 Figure Retreat!

Let's say you netted \$3000 for 100 hours of work, you would have only paid yourself \$30 per hour!

**40 hours at the retreat + 60 hours of planning time = 100 total hours**

If you worked 100 hours on your retreat and netted \$10,000 you would have made \$100 an hour.

# The 5 Steps to Creating Your 5 Figure Retreat!

## The **CRITICAL** Strategy for Filling Your Retreat!

So how do we fill our retreats?  
Simple.

We use **EDUCATION** as a way to grow our list and social media following so we have the people to fill our retreats.

# The 5 Steps to Creating Your 5 Figure Retreat!

The best way to sell a product or a program is by sharing it with the person who needs it...

But what if your target audience **doesn't know** they need your retreat or that it can help **THEM?**

# The 5 Steps to Creating Your 5 Figure Retreat!

“Come join my retreat in Tuscany where you’ll learn how to eat a healthy anti-inflammatory diet for arthritis.”

# The 5 Steps to Creating Your 5 Figure Retreat!

“Want to learn how to **decrease your expensive medications** for your arthritis?”

Join my upcoming livestream on **how to eat a healthy anti-inflammatory diet** for arthritis and help lessen your pain and discomfort naturally.”

# The 5 Steps to Creating Your 5 Figure Retreat!

By educating people  
all year long you'll  
**consistently be**  
**growing your list and**  
**business** with people  
who want and need  
your help.

# The 5 Steps to Creating Your 5 Figure Retreat!

If you try to **advertise** your retreat to strangers who don't know, like, and trust you, you'll end up spending a lot of money from your retreat's budget which will eat up your profits!

# The 5 Steps to Creating Your 5 Figure Retreat!

Sharing content, educating, and teaching is the **BEST** way to fill your trip no matter what method you use to share that content.

Now doesn't teaching and educating people feel **more heart-felt and doable** compared to hard-core selling or useless advertising to strangers?

***You can do this!***

# The 5 Steps to Creating Your 5 Figure Retreat!

How to Make **SERIOUS** Income **AFTER** Your Retreat is Over → **Monetize Your Retreat!**

The number one way to make additional income after your retreat is to “**MONETIZE IT**” by offering a **post-retreat follow-up program**.

# The 5 Steps to Creating Your 5 Figure Retreat!

They're going to need help **INTEGRATING** what they've learned with you AND will need help processing all that transformation afterwards.

It's almost **ABANDONMENT** to leave people with no way to continue that process with you.

# The 5 Steps to Creating Your 5 Figure Retreat!

## You could offer...

- A 3-12 month **group coaching program**
- One-on-one **private coaching**
- A **high-end group mastermind**
- Shorter weekly **group teleclasses or webinars**

# The 5 Steps to Creating Your 5 Figure Retreat!

## Here's what you could earn from...

A year-long group coaching program at  
\$250 a month to 10 people,  
**that would add an additional \$30,000 to your year!**

An eight week paid online class at \$497 for 10 people  
**would bring in \$4970.**

If only 3 attendees signed up for private yearlong coaching with  
you at \$500 a month  
**that would net you an additional \$18,000.**

# The 5 Steps to Creating Your 5 Figure Retreat!

**Don't miss out!**

It's not really hard to **ADD** an extra \$5,000 or even \$100,000 dollars onto a properly priced retreat.

**QUESTION: Are you excited about this tip and are you going to implement it??**

# The 5 Steps to Creating Your 5 Figure Retreat!

## 3 Legal Tips You Can't Do Without To Be Properly Protected

This applies *no matter what country* you're in!

# The 5 Steps to Creating Your 5 Figure Retreat!

Keep in mind that **if you accept money for a retreat that *includes rooms, food and outings*, you're accepting money for travel** - and that can make you a **“Seller of Travel.”**

So make sure you are functioning legally since there are ***strict rules*** around selling travel in most countries.

# The 5 Steps to Creating Your 5 Figure Retreat!

Does everyone now have an **action list** of what you need to do to protect yourself and your business?

- And doing it **LEGALLY**...

If you feel like you're not ready to be planning a retreat....*YET!*....

## Keep in mind that:

Retreats take 6-12 months to plan and market, so you actually want to start **NOW**.

Plus, for newbies, it's much smarter to be building your business **WHILE** you're planning your retreat.

**If you're thinking that you don't need a retreat course because you've already run lots of retreats.....**

## **Keep in mind that:**

If you're not making the money you should be, we want to help you fix your marketing.

If only ONE item in this program helped you SELL-OUT your next retreat or make an extra \$10k or more – wouldn't that be worth the education and investment?

**REGISTER HERE: [www.join-blueprint.com](http://www.join-blueprint.com)**

# The Retreat Blueprint Program

If you're thinking that you can get this info somewhere else for a lot less money...

**Keep in mind that:**

There are others teaching about retreats – but ask them **how many years they've been at it** and how many retreats have they've planned and run themselves.

**REGISTER HERE: [www.join-blueprint.com](http://www.join-blueprint.com)**

# The Retreat Blueprint Program

If you're thinking that if you **ONLY** had someone to market your retreat **FOR** you – you'd be fine...

## Keep in mind that:

Marketing starts with perfect **ALIGNMENT** of what you're teaching with your location, amazing activities that illuminate what you're teaching, and a killer retreat page. And **NO ONE** can fill your retreat for you!

**REGISTER HERE: [www.join-blueprint.com](http://www.join-blueprint.com)**

# The Retreat Blueprint Program

If you're thinking that you'd register if the exchange rate with the dollar was better...

## Keep in mind that:

The couple of hundred dollars you think you're saving could actually cost you **THOUSANDS** of dollars in lost income from not planning, pricing and monetizing your retreat properly!

In the end, the exchange rate is simply a business expense to be written off.

If you're feeling that you don't need anything more than  
a waiver for your retreats....

Before finding Sheri and starting the Retreat Blueprint course, **I was frustrated and discouraged** with hosting my own experiential retreats.

**As a result of the course, I've now booked two retreats** for the year and am looking to actually make money on them both.

**Sheri makes the entire retreat planning process totally doable for anyone and her templates are priceless.**

I highly recommend Sheri's program if you are considering adding a retreat to your business plans. Just go out and do it; it's not as difficult as you think!

Thank you Sheri Rosenthal Meghan Gilroy Brandt Morgan Ales Struna and all those who are part of the Retreat Blueprint course. As well as those brave souls who shared their web pages and also more recently their experiences. I am impressed that you and your terrific team actually DELIVER - meaning you don't just say you will give highly effective content, you ACTUALLY DO IT ! I cannot tell you how many courses I have done which promised the world and only delivered the 'underworld' and I was getting very underwhelmed at the lack of integrity in the business arena. I have wasted THOUSANDS and THOUSANDS of \$\$ in the last few years. And I am also a holistic business coach, so I am not naive about courses - I just expected a hell of a lot better than what eventuated in most of these in the past. You are my heros' and may all your all journey's lead you to places of sheer delight with grace and ease. xx

**Victoria Rose** Yay! My first overseas retreat was ready for launch, and I was so excited. Countless hours spent on researching, planning and crafting a retreat 'unlike any other' had been worth it. With great anticipation, I published my retreat website and waited for the bookings to roll in.

Yes, I went on my retreat but I was the only one who did because not even one person booked.

So, after a little indulgence in a pity-party, I dusted myself off and determined to run another retreat. Obviously, my personal best wasn't good enough so I asked for help, and the universe delivered.

As a Leadership trainer with over three decades of experience, I know how to present information in a practical, effective and fun way. That's why I immediately recognised [Sheri Rosenthal](#) as a master at providing the essential guidance necessary for holding a successful retreat. Successful meaning the participants have a remarkable experience and the retreat leader actually makes a well-deserved profit!

Not wanting to repeat the pain of my retreat fail, signing up to Sheri's course was a no-brainer.

As the weeks of the program unfolded, it was clear just how little I knew about how to hold a successful retreat (it was almost embarrassing). However, throughout the entire program I felt supported and inspired to create a retreat that is truly 'unlike any other'.

And big thanks to [Meghan Gilroy](#) and [Brandt Morgan](#) for their professional and insightful comments on all retreat collateral. This includes my new, effective and totally beautiful website 😊

This is the team at Retreat Blueprint and I'm so grateful the universe sent them my way ❤️
